From Fire Comes Boxes

Tragedy struck on December 20, 1978 in our community of Harbor Creek. The tragedy was the burning of Harbor Creek Central High School. Fortunately, there were no physical injuries but to many people it caused much mental anguish for with it a part of their lives had burned.

Amid the rubble there was found a copper box in the corner stone. It had been placed there in 1902 when the school was being built.

This box was opened on May 2, 1979 in the cafeteria of our school, Harbor Creek Jr. - Sr. High School. There were many people present to witness this unique event and view the contents of the box. Within the box, they found a list of the students enrolled at the school, minutes of the School Board meeting at which it was decided to build the school, and issues of the Erie Dispatch, North East Breeze, and the Erie Daily Times, but most of all it contained pieces from that year and memories for the people connected with Harbor Creek Central High School.

The Harborian seeks to do the same—provide information and help keep memories alive. Therefore it is suitable for the Harborian of 1980 to be a "Box Full of Memories."

Nationally, we will reminisce about the gas shortage which kept many of us at home when we would have preferred to be as nearby as the peninsula or as far away as California. There was also the grounding of the DC 10's, the Presidential campaigns, the Pope's visit to the United States and the first lady, Rosalynn Carter's trip to Erie.

ABOVE RIGHT: There have been four superintendents in Harbor Creek and it is fascinating to note that they are all still alive and residing in Harbor Creek. Maurice Kolpein is one of the former superintendents and he is speaking on the changes that have taken place over the years. RIGHT: Written in 1902, this article is about the laying of the corner stone. The newspaper was part of the contents of the box.

Within Our Box . . .

But what would we include in our box? First of all, we would have sports coverage, such as the first game of the football season when the Huskies ran past the Iroquois Braves with a score of 60-8. We would remember all the teams and the people behind those teams. The coaches, parents, and other groups who supported the teams in their endeavors. Secondly, our box would contain facts about the time between 8:00 and 2:30 where students faced the day in and day out drudgery of taking notes, taking tests, and doing homework. Every student will remember one particular class in 1980 as being the toughest. Some will say it was Mr. Rose's Physics class, to others it was Mr. McCabe's English class, and to still others it was Mrs. Moles' Spanish class. Of course, every class had its trying moments but these same classes also had good times.

Of course, there wouldn't be any memories if it weren't for the people who created them. They are the students, their parents, the citizens of Harbor Creek, in general, and most of the administration who kept the school year of 1979-80 running quite smoothly. Naturally, there are certain individuals who remain more familiar than others as the years go on. Besides close friends, these are people such as Jayne Costello, 1979 Homecoming Queen; Football Captains, Chris Berdis and Joe Szymanski; and the class officers and homeroom representatives. These people stood out, but every individual connected with Harbor Creek High School helped to create the memories included in the 1980 "Box Full of Memories."

STUDENT LIFE

Looks Like We Made It

Ready, Willing, and Able's music, a warm evening and colorful lights, became the beautiful setting for "Looks Like We Made It," the 1979 Prom, held on Saturday evening, May 12th at 8:00 PM.

Julie Bissell and Mark Dalglish were named queen and king. Also on the court were Cheryl Biser and Tom Bojarski, Sharon Kaufman and Norm Sweet, Lisa Rastatter and Steve VanDyke, Kathy Lindeman and Tom May. Crown bearers included Alison Fatica and Shawn Humphreys.

Michele Apa headed the refreshment committee while Rich Apa, Jo Strohmeier, Michele Kujan, Rob Johnson, and Betsy Mattis served punch and snacks throughout the evening.

Is There Life Before And After School?

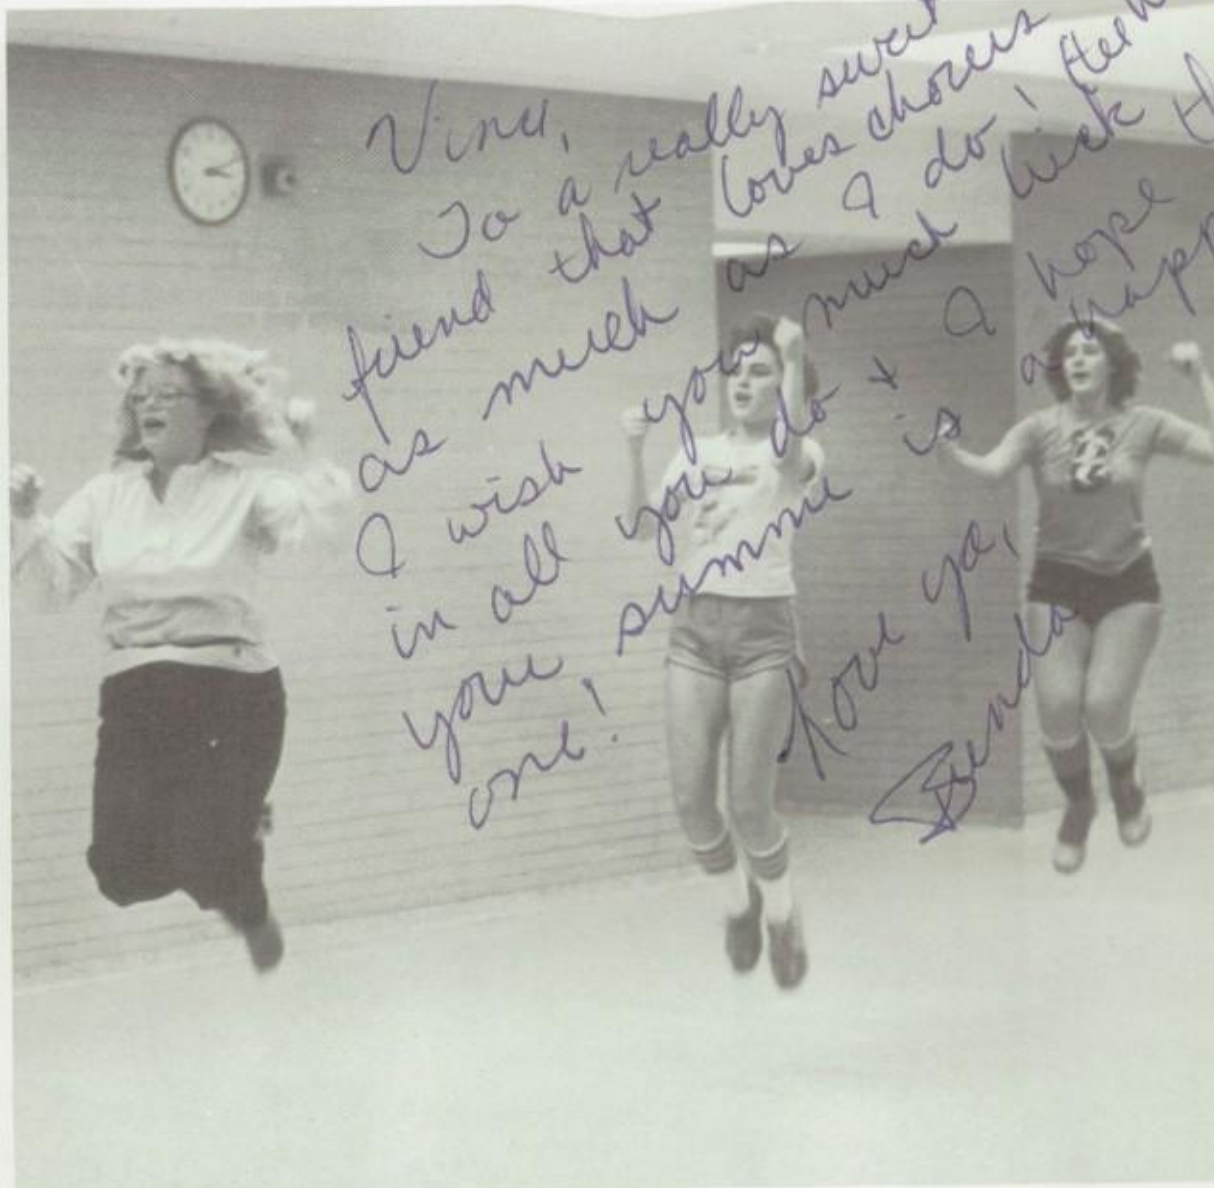

Before the 8:05 bell, students can be found standing around gossiping at various hang outs such as the main lobby, gym, parking lot, band room, or pool area.

After school, many students are involved in activities such as wrestling, track, cheerleading, basketball, cadet and twirler practice, swimming, going home, watching soaps, or going to work. Later in the evening, students lurk around in the dark, toilet papering unfortunate homes with rolls and rolls of T.P.

After the games, students resort to McDonalds to get something to eat, to get together with friends, and have a great time.

In answer to the question, "Is There Life Before and After School," YES, and plenty of it!

RIGHT: Brenda Sweet and fellow cheerleaders find the time between 2:30 and 4:00 beneficial for practicing. BELOW: A common hang-out for Harb students such as Leslie Garwig and Mark Paradise, is McDonalds.

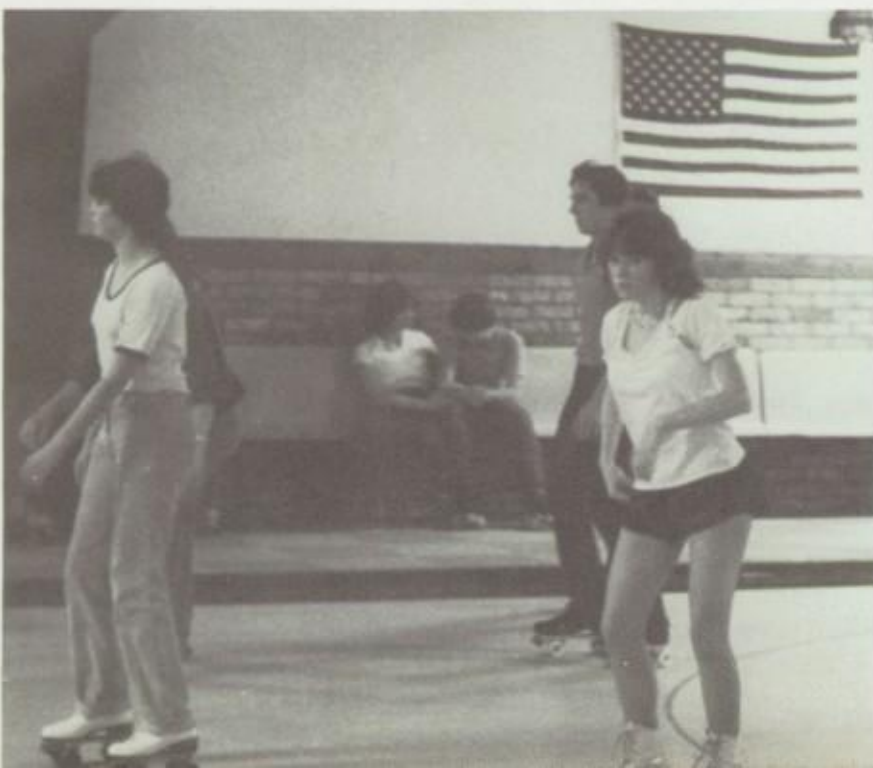

ABOVE RIGHT: Because McDonalds is conveniently located on Buffalo Road, many students such as Jayne Costello, stop in after football games.

LEFT: These students find toilet papering to be a fun way to alleviate long fall evenings. The fun comes from the challenge of trying not to get caught in the act. BELOW: Many students find the time before school begins a good time to converse with friends in the back parking lot.

Homecoming Highlights

Homecoming Week started out with the annual slave day followed by the Powder Puff Game. The juniors made a slushy recovery over the seniors with the score of 14-6! After the game, the traditional bon fire provided warmth for all those who attended.

Friday, there was a pep rally that consisted of the cheerleaders, the cadets and twirlers, and the pep band. The pie throwing was the main event which included Mr. Budziszewski and Mrs. Hutchinson.

At the Homecoming Game, the Huskies slid over the Bisons 14-0! Good going Huskies! During half time, the Marching Huskies showed their wet, but enthusiastic spirit.

Spirit Week ended Saturday night with the Homecoming Dance. The court consisted of: Michele Apa and Jim Mayr, Jayne Costello and Mark Corey, Katie Kennedy and Randy Faipier, Kris Morgan and Tom Mallory, Kim Morris and Mark Taccone, Toni Trombetta and Jerry Seifert. They all were winners, but only one was chosen for the Homecoming Queen, which was Jayne Costello.

Rhyme and Reason gave us their musical accompaniments while couples danced. The court slow danced in an array of colored balloons which turned out to be a "Popping Evening."

This year Harbor Creek was the host of a cheerleading competition. There were seventeen schools that participated in the event. The cheerleaders came from as far away as Pittsburgh. The competition consisted of six categories: a pom-pom routine, mounts, side line chants, cheers, rhythm, and spirit. It was a great way for the girls to meet their fellow cheerleaders and have a lot of fun at the same time. The audience also participated in showing spirit for their school. It is really surprising that the walls didn't cave in from all the excitement and cheering! Harb cheerleaders received a beautiful trophy and plaque for their achievements as they placed first in spirit and second in rhythm.

Variety Show: It Was Out Of This World

Sandy

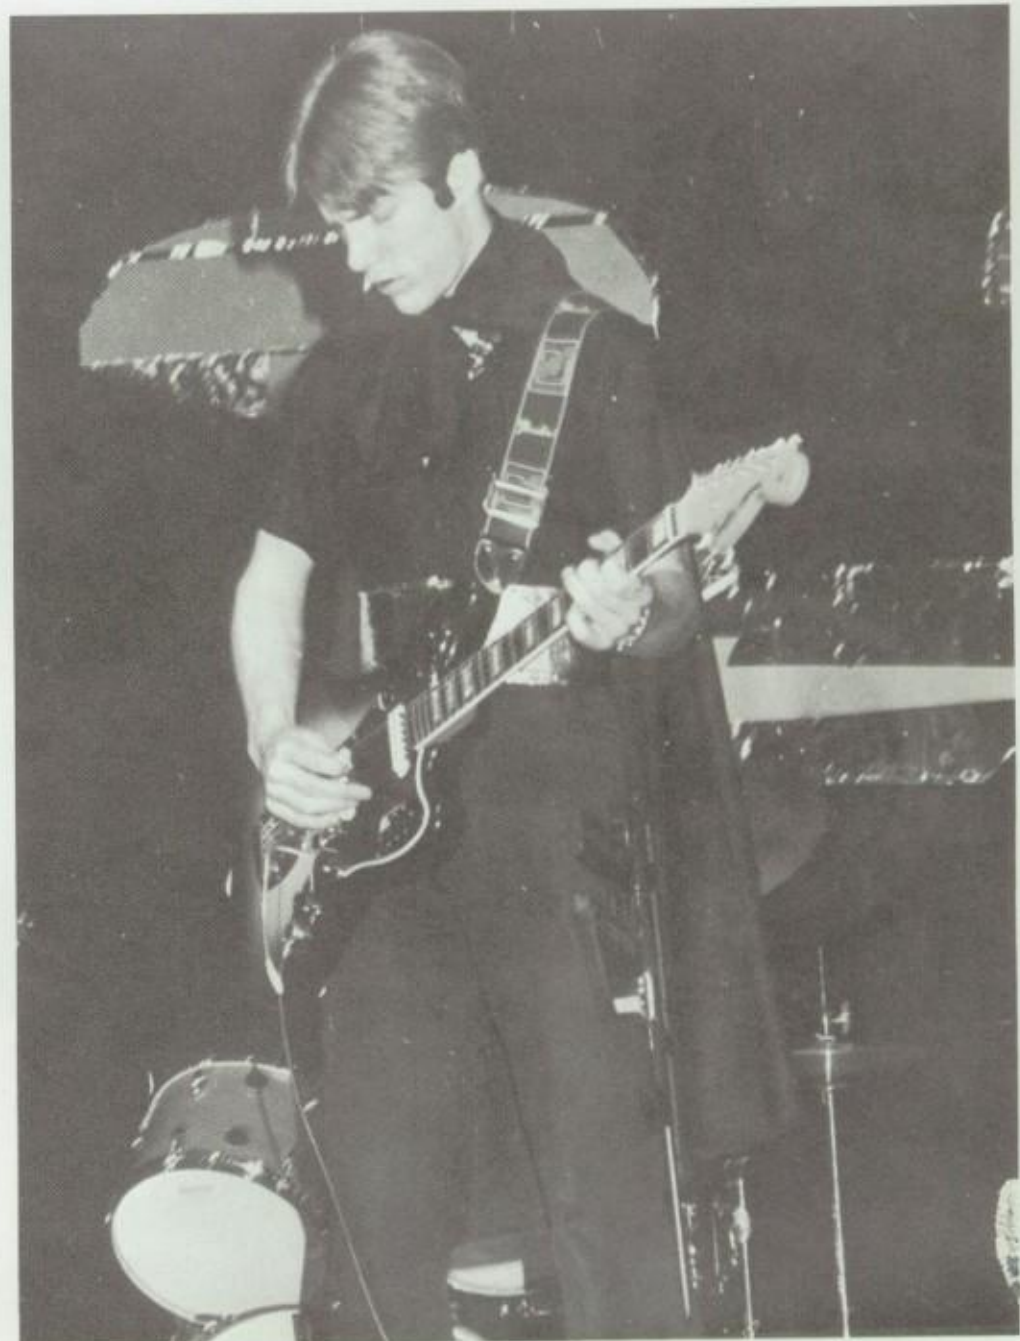

The dates for the Variety Show were January 17th and 18th. The real test was the 16th. Dress rehearsal. It began at 6:45 and lasted past midnight. Props, lighting, stage directions, and paint that gave rashes were some of the last minute obstacles that were overcome.

A lot of imagination went into the 1980 Variety Show. Barb Nodes, student director, Craig Heuser and Brende Maille along with the help of Mr. Baran, Mr. Piano and the stage crew worked feverishly to finish before the opening night.

The setting for the show was in the distant future. Acts ranged from the comedy of Saturday Night Live to ballads, pantomime, and instrumentalists. All this hard work was well worth it in the end, as both audiences were full of laughter and applause.

ABOVE RIGHT: Sandy Berchtold and Lisa Agnew, the Centauri Robots, perform a pantomime. ABOVE: The Cassiopeia Craters, plays a medley of Maynard Ferguson songs. RIGHT: Tom Bronokoski plays the popular "Wipeout."

Harbor Creek Presents "Godspell"

Godspell was a jubilant celebration of the Gospel as told by St. Matthew. It was a release of one's spirit into the larger heart of mankind. In brief, it is the belief that the passion of Jesus Christ was to teach love and joy in the hearts of people rather than hate and sadness. Phil Fatica was the head director of the play while Kris Morgan aided him as student director. Also helping the cast with this production were the orchestra, costume designer, choreographer, Kristen Fry, and the stage crew.

Godspell was most certainly an enjoyable event for all those involved.

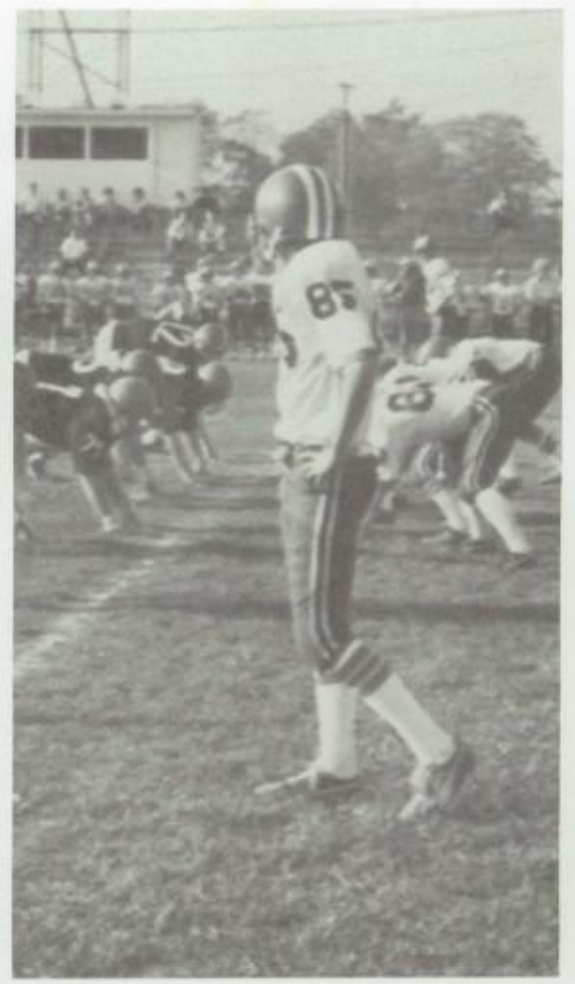

TOP: Choreographers Kristen Fry, Michelle Bielatin, and Holly Polatas practice a dance step that they will be reaching. SPORTS

Huskies Hold The Title

The Harbor Creek baseball team took county champs for the third time in four years. The team earned an impressive record of 17 wins and 6 losses. Traveling to the P.I.A.A. play-offs, the Huskies stomped Hickory 10 to 4, but lost a close match to Strong Vincent. Outstanding players of the '79 season were Matt Palloto who pitched a no hitter to Girard, and Steve VanDyke who took the titles of most valuable player and team batting champion.

The Harborian staff extends its greatest apology because we were unable to obtain a picture of the J.V. baseball team. Its members for the 1979 season include: Jeff Sereno, Neal Churchhill, Brian Zatkoff, Mike Burick, Kevin Burick, Jerry Bean, Bill Backer, Dave Lynch, Randy Faipier, Scott Hall, Vic McLaughlin, Tom Mallory, Joe DiRaimo, Tom VanDyke, Ken Hand, John Golis, Kevin Berdis, Brian Bronson and George Schnarrs. The team earned an outstanding record of 9 wins and 1 loss. Mike Barbarini proved to be one of the most valuable players of the season holding the seasonal records for most runs, hits, stolen bases, and the highest batting average. Also, Rick Roseto earned the season's record in assists, walks, errors, and home runs.

A Young Future

Despite some of the bad weather that the girls played through, they came out with a better than half record of 11 wins and 5 losses for the county league. The overall record was 11 wins and 8 losses. The extra games are accounted for by the pre-season games the girls played to get in condition. In the 1979 season, the girls had the honor of playing in the playoffs against Tech. It was a tough and hot day and the girls gave their all, but couldn't quite pull it off as the game ended 10 runs to the Huskies' 5. There is hope for the future softball team to do better as the team is young, experienced, and loaded with potential for winning.

A Recruit From Abroad

In 1979, the Huskie softball team had the pleasure of getting to know our AFS student, Lisa Aitken. There was never a dull moment on the field, or off, when she was around. Lisa Aitken was always there to cheer everyone on, even when the going got tough. Lisa is going to be greatly missed in the halls and on the field since she's gone home. But a friendship lasts a lifetime.

With hard work, skill, and determination the Boys' Track Team ended the 1979 season with 10 wins and no losses, retaining their title as County Champs. The team members along with the student body and faculty at Harb, are proud of the three year title of County Champs.

Besides the regular meets, there were other track events. The Kane Invitational, where Harbor Creek placed second, the 1979 County Meet, where we took first place, and the District 10 Meet where Harbor Creek placed third.

Dave Uglow and Peter Logan both set new records in the 1979 season. Dave setting his in shot put with a distance of 5'11", and Pete breaking the present discus record with a distance of 191'6".

Congratulations to these two record breakers and all the 1979 Boy's Track Team participants. Let's go out in 1980 and bring the County Champ Trophy back to Harb where it belongs!

Huskies Burn Up The Track

At the county meet held at Fairview, the team placed eighth. In the District Meet held in Oil City, Harbor Creek was well represented by Pam Henry, Denise Terrill and Lisa Kraus. Pam led the way by placing fourth in the long jump.

During the season, many new school records were set. Pam Fritz threw the shot put for 29'2", Pam Henry established a new long jump record with 15'17 1/4", and Marci Mooradian broke the triple jump record with 31'9 1/4". Lisa Kraus, Denise Terrill, Tammy Weber, and Ellie Zmijewski broke the two mile with a time of 10:29.04. Lisa Kraus broke her old record by running the mile in 5:44. Pam Fritz ran the 440 in 63.8 to establish a new school record. The team of Lorraine Terrill, Denise Terrill, Pam Fritz, and Kelly Hetrick ran the mile in 4:31.24.

Tennis Anyone?

The 1978-79 Harbor Creek Tennis Team achieved a fine record with a total of nine victories and five losses. This is the best record any Harbor Creek Tennis Team has ever had. Awarded letters for fine playing were Mary Jo Abbate, Dave Cipriani, Mark Dalglish, Geof Dalglish, Steve Finke, and Steve Yost. High scorers were Geof Dalglish and Steve Yost, both with eleven wins and three losses. Also scoring highly were Mark Dalglish with nine wins and four losses, Steve Finke with eight victories and four defeats, and Dave Cipriani with six wins and seven losses.

Congratulations to Karen Morgan who placed runner-up in the Girl's Tennis District 10. She was the first tennis player at Harbor Creek to represent Harbor Creek at the State Championships.

Inexperience Hurts CC Team

The Cross Country team finished the season with five wins, five losses and Dave Abele led the way. The team finished 7th in the District 10 Championships and 5th in the county meet. Dave Abele proved to be a tough contender as he placed 20th in the county meet and 23rd in the District 10 Championships.

Other outstanding runners were Bob Leonard and Dave Cipriani who placed 22nd in District 10 and 24th in County Championships respectively. Deanna Leroux, Ellie Torrance, and Ann Leroux showed that girls can also perform as well as boys.

With only two seniors returning this year, Andy King and Deanna Leroux, the team showed fine effort and ability. Promising runners for the next year are Bob Hoffman and John Collier.

Football You Bet!!

RIGHT: Pursued by the Bobcats, Chris Berdis runs up the field.

The Varsity Football team placed a close third in the Erie County League with a 6-2-1 record. The offense had an outstanding year with over 800 yards in passing and 1,541 yards rushing, 811 of which were made by Mike Kuzilla. The defense also did well with 16 quarterback sacks, 14 recovered fumbles and 13 interceptions.

Several records were broken this year, including total offense by Mike Kuzilla with 294 yards, most pass completions and touchdown passes by Matt Palloto. Next year, the varsity team will be strong since there are 11 returning letterman. They are Mike Barbarini, Mike Burick, Ed French, Bob Haupt, Mike Kuzilla, Tom Mayr, Brian Meyer, George Stevenson, Dave Sawtelle, Brian Zatkoff, and Brian Siverling.

The Junior Varsity Football Team had an outstanding season in which it scored a total of 206 points, with the opposition scoring only 42 points. The offense was led by quarterback Brian Siverling, running backs Ed French, George Stephenson, and Brian Bronson. The top defensive performers were lineman Rich Carver, linebackers Dave Lynch and Brian Siverling, and strong safety Rich Apa.

Players Show Determination Throughout The Season

Youth and experience return to the Harbor Creek Girls Basketball team with the determination of having a winning season. Although a winning season was not accomplished, the girls never gave up hope. There were many young and talented girls on the Junior Varsity team who will be moving up to varsity standings. Mary Lessor, Kelly Hetrick, and Darcie Johnson were honored members on the basketball team as they were picked for All County Honorable Mention.

Success Comes With Hard Work

The Junior Varsity Girls Basketball team had a superb 1979 season. The first half of the season games were 4 wins, 5 losses and one forfeit. Not too good. But the second half season games were a surprise, as the girls had 8 wins and 1 loss. This was one of the best Junior Varsity records in the county league and a new team record of "most games won in a season", 13 wins and 6 losses. During this successful season, many records were passed up, both on the team and personal. Being a first year basketball player for the Huskies, Linda Zarzeczny was outstanding as she broke many of the Junior Varsity player records. Linda broke the "points scored in a season - 286," "field goals in a season - 124," "most free throws in a season - 38," "best free throw percentage - 68% of 40 attempted throws," and "best per game point average - 15.8." Congratulations to the Junior Varsity girls and to Coach Mary Blose for having a successful season!

Huskies Capture ECL Title!!!

Coach Lee Palloto's Huskies ran and shot their way to the Erie County League championship with a league record of 17 wins and one loss, and an overall record of 19 wins and 3 losses. The senior members of the team, Mark Corey and co-captains Chris Berdis and Matt Pallotto can boast of a two year league record of 33 wins and 3 losses.

Matt Palloto was selected as the Most Valuable Player for the champion Huskies. Other award winners were: Most rebounds and best field goal percentage (school record) and all-tournament at the Seneca Xmas Tournament, Curt Siverling; best foul shooting percentage, Matt Palloto; Hustle award, Mark Corey (also a school record for assists); Dedication award, Chris Berdis, and Brian Siverling was judged the Most Improved Player.

Mark Corey, Chris Berdis and Matt Palloto were selected to participate in the annual city-county all star game.

The Junior Varsity Team also played well this year, defeating every team they played. With this strong team and returning varsity players, next year's varsity team should be a strong one.

The Individual Counts!!!

BELOW: Rick Randolph gives some needed advice to one of our wrestling team members.

Wrestling, unlike most sports, is a very individualized sport. It is the individual that earns his points and then in turn gains points for the team by winning his weight class.

This year's Huskie wrestlers seemed very determined to prove that they were worthy of being on the team. Freshman Jim Akerly finished his first varsity season with 19 wins and 1 loss. He also took a first place in the Big 8 Tournament and the ECCA Tournament. Wrestling 105 lbs. was Dave Cipriani, who ended the season with 18 wins and 2 losses and 1 tie. He was named the outstanding wrestler of the Big 8 Tournament where he placed first. At 132 lbs. was Todd Prather. He had an excellent season with 19 wins and 1 loss. He won first place at the Big 8 Tournament and the ECCA Tournaments. Sophomore Scott Hall concluded his season with 14 wins and 7 losses, and he finished second at the ECCA Tournament.

The team placed second in the Big 8 Christmas Tournament and third in the ECCA Tournament.

Let's Go! Let's Fight! Let's Win!

Volleyball is a sport where everyone works together as a team and helps each other out. The girls who make up the Huskies starting varsity team are Pam Henry, Barb Hepp, Debbi Abbate, Deanna Volk, Mary Stanley, and Leslie Garwig. Karen May, Pam Anderson, Amy Salow, and Paula Hackenberg back up the starting six players if they need help. The team was not very tall in the height department, but they were very big in their skills. Being one of the best all around skilled team, the Huskies beat some of the better spiking teams in the county.

Persistence And Determination

When volleyball try outs were held, it was very disappointing to see that only a few girls came out. More than half the girls that showed were from the year before team, which made it easy to work with, but it was sad to see that few have school spirit and support for girls' sports. What was lacking in support, the team made up in enthusiasm and team spirit to win. The record for the season shows who won and lost, but it doesn't show the determination the girls put into the game playing. The volleyball girls never gave up until the last point was scored. Good luck to the volleyball team next year for a successful season!

Finest Record In School's History

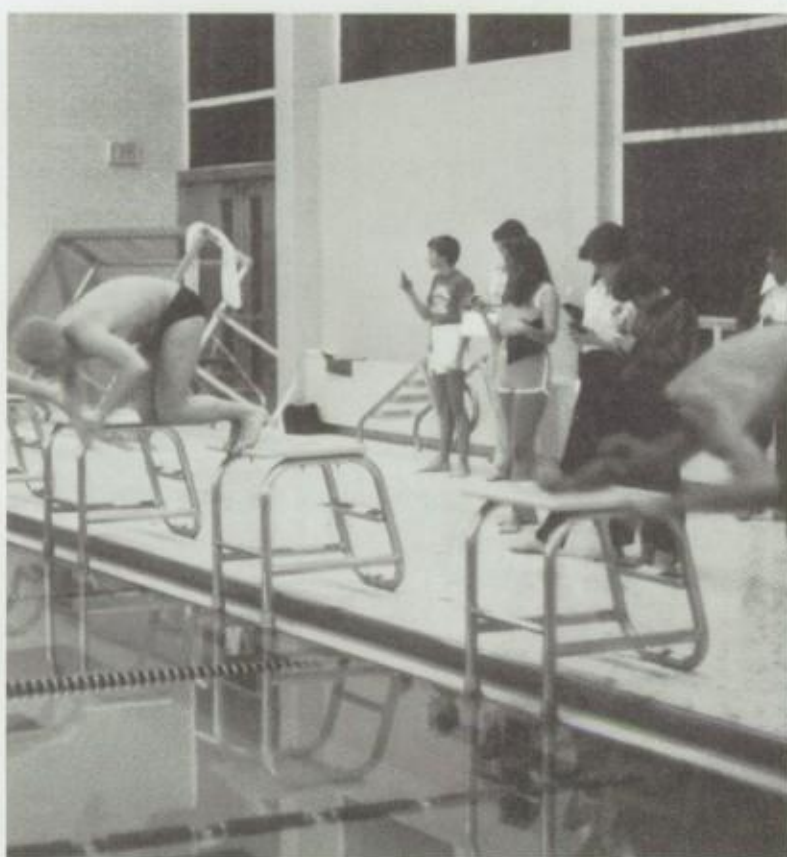

The Boy's Swim Team had quite a successful season this year as Mr. Jack Snyder made his debut at Harbor Creek, as the boys' coach. Coach Snyder and the boys worked hard, but it paid off. They posted 10 wins and 2 losses, making this the best ever. The team then went on to the District 10 Championships in Edinboro where they placed 8th. Six records were broken this season: the 200 yard medley relay, set by Dave Mackovjak, Ed French, Bob Dailey and Brian Zatkoff; 200 yard medley by Jerry Seifert; 100 yard butterfly also by Jerry Seifert; 100 yard breast stroke by Ed French; and the 400 yard freestyle relay set by Brian Zatkoff, Bob Dailey, Rick Hesch and Andy Martin. Andy Martin broke the 50 yard freestyle this season and also qualified for the State Championships. He is the second swimmer at Harbor Creek to qualify for states.

New Records Set!

The Girl's Swim Team had a rough year, winning only two swim meets and losing eight. But the Huskie girls made up for that by setting nine new records. Of these nine records, seven were set by Mary Lessor. Five of the records she set were individual; the 100 yard freestyle, the 200 yard freestyle, the 500 yard freestyle, the 200 yard individual medley, and the 100 yard breast stroke. The other two records were relays, the 400 yard free and the 200 yard medley, broken by the team of Beth Bender, Karen Mackovjack, Mary Lessor, and Tracey Babay. Mary Lessor was named to the All County Team. Tracey Babay also had a fine season this year by breaking records in the 100 yard backstroke and the 50 yard freestyle.

Student Council of 1979-80 has been one of hard working students striving for a better tomorrow. Acting as a liaison between the students and the teachers, members put in endless hours of work.

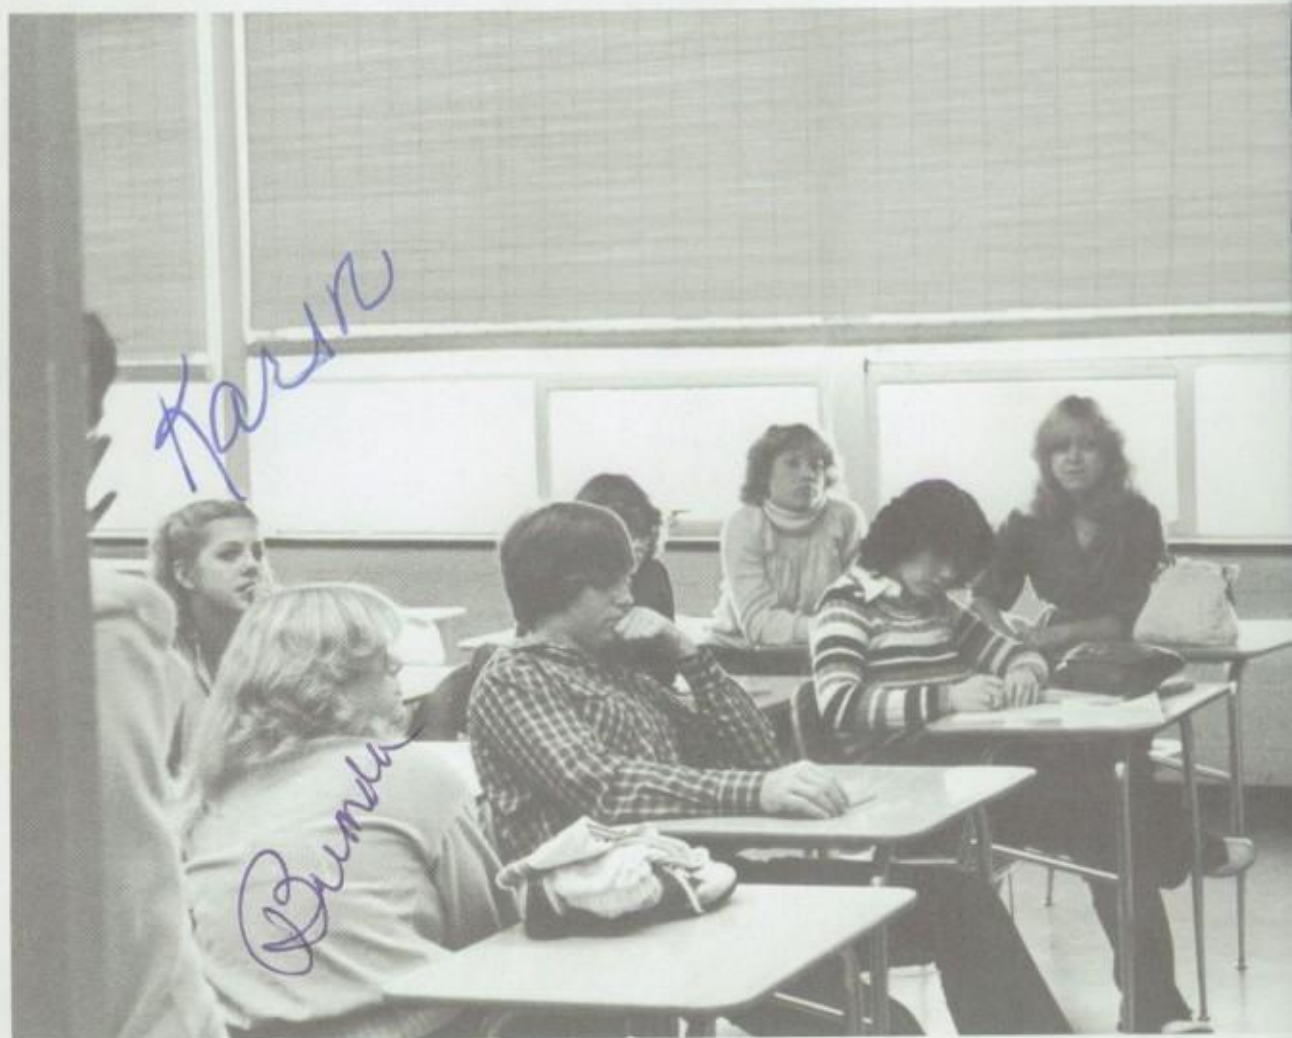

Student Council has sponsored many activities for student enjoyment. Events which occurred during the school year started with Homecoming Week. Tag Day - Slave Day, students throwing pies at the teachers, and an exciting Powder Puff football game between the junior and senior girls took place. As the Christmas season rolled around, after-game dances were sponsored along with a door decorating contest between homerooms. The movie "A Thief Comes to Dinner" was obtained for an assembly and vacation started with a Christmas Mixer. As the year went on, other activities were under way. A Valentines Dance and Almost Anything Goes were among the many.

Council also participated outside the school in the community. Among the outside activities, Student Council raised money for charity, took part in Student Forum of Northwest PA, and was a member of the District One Student Council Association.

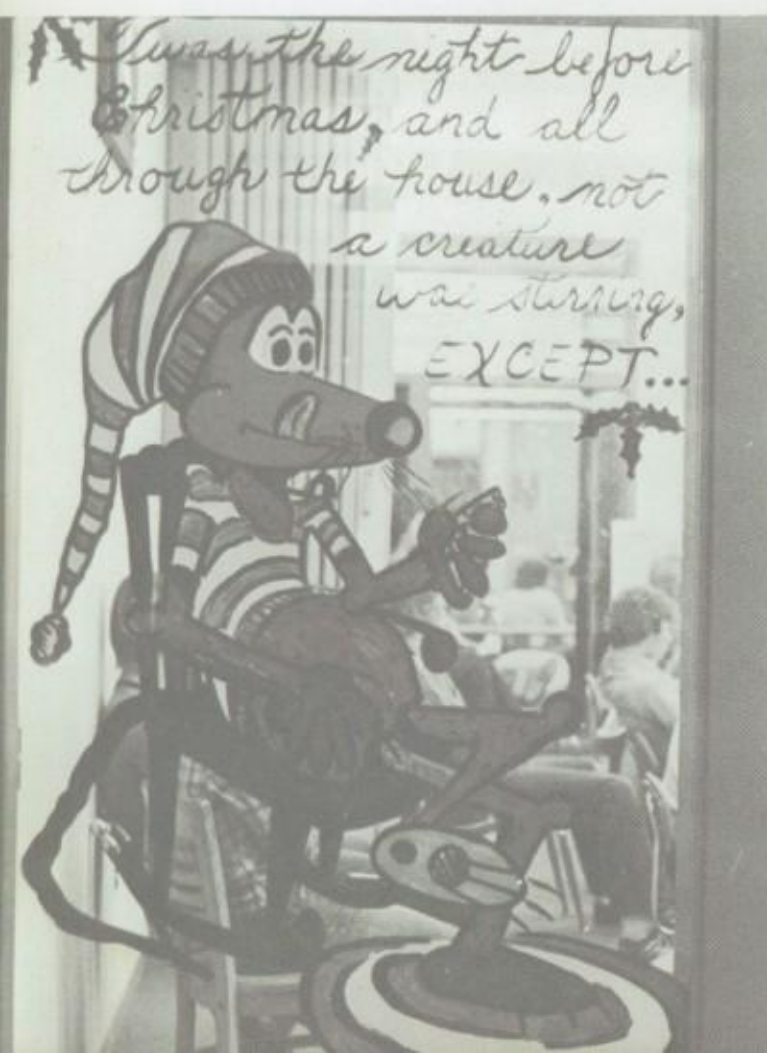

I would like to thank the students of Harbor Creek for making the year a real success. I also thank Mr. Dan Budziszewski, our advisor, for things wouldn't have gone as well as they did without his help.

Sincerely,

Jayne Costello, President

Four members of Student Council took part in the Student Forum of Northwest Pennsylvania. Schools of Crawford, Erie, and Warren counties were members of the Association. Throughout the year, students were trained by members of St. Vincent Hospital. Community health was the main topic for this year. Students prepared a self-help health book for each school library. The book covers topics from teenage pregnancy and birth defects to self-values. The book will be available to everyone. Meetings were held at the Northwest Tri-County Intermediate Unit in Edinboro on the second Tuesday of each month.

N.H.S. And Project 81

National Honor Society is not a club anyone can join. To even be able to submit an application, you must have a 3.0 or better average and be a Junior or Senior. A faculty committee then judges the applications on character, leadership qualities, and service. This past year the N.H.S. club lacked an advisor and was unable to be as active as they would have liked.

Project 81 was started in 1976. The group was made up of students, teachers and parents who were involved these past years and some who will continue to help decide what students should be able to do before graduating. There is a significance to the name Project 81, because 1981 is the year the project is to be completed.

Harb Students Represent Romania

Debates, walkouts, and declarations of war were some of the more serious aspects of this year's Model U.N.'s Grand Assembly. Every Wednesday night the delegates from our school representing Romania, and delegates from Erie met at various schools. At these meetings, research and arguments were shared as all the members tried to draw up a bill pertaining to their question. These bills were then brought before the Grand Assembly at Gannon, where students from New York, Ohio, and Pennsylvania meet annually.

Aloha, Bonjour, Hola, Hello

The A.F.S. club makes it possible for students to visit other countries and develop an understanding of their people. This year Harbor Creek was fortunate to have Annette Taylor from Liberia, Africa added to the student body. During the past summer, three students from Harbor Creek were very lucky in that they were able to spend 3 months abroad. Vicki Bailey and Deanna Leroux went to Brazil and South Africa, respectively, with the A.F.S. program, while Eric Milliren went to Sweden in the Rotary Exchange Program.

A.F.S. weekend, an annual activity, was held in early December this year instead of spring. This gave club members a chance to host exchange students from the Erie area for a weekend. It proved to be a success as 12 A.F.S. students attended and took part in a busy weekend of special activities.

TOP RIGHT: Being an A.F.S. host family can be fun, as displayed by the McGarveys and Annette Taylor, this year's A.F.S. student at Harbor Creek. Showing Their Spirit Through Music

A home basketball game wouldn't be complete without the Pep Band. Through their music and rowdiness, the group added excitement and spirit. Before, during, and after the game, they played music that was more than traditional. Practice was usually held during club period and sometimes on weeknights. Really, "insanity" was their main objective and they carried it through with many gimmicks. Troy Stanley, with the help of Mr. William Rhodes, finished another bizarre season.

Marching Huskies Begin Winning In April

On April 5, the Marching Huskies left on a trip to Washington, D.C. to compete in the Cherry Blossom Festival. They were gone for four days.

During these four days, the Huskies competed in a field, and then a parade competition. The Huskies placed 4th in their class for their field show, but they surprised everybody, including themselves, by placing 1st in the Cherry Blossom Parade, which was a national competition. The Huskies not only brought back a first place plaque, they also brought back many memories. Most of these memories came during their stay at the hotel. The good times were things such as the victory celebration on the 2nd floor, and the not-so-good, including the "delicious" breakfasts.

Then, there was a break from band activities for the summer. Two weeks before school began, the old ritual of practices in preparation for the coming football games and competitions began

again.

The band traveled first to Jamestown, N. Y. on September 29, where they brought home another first place, then it was on to Salamanca, N. Y. where they placed 2nd. Their final competition was in Meadville and was perhaps the most memorable, for they came within 1.1 points of beating McDowell. It was, also, at this competition that they captured two special trophies, one for their Marching and Maneuvering and the other for having the best drum line.

After the finish of the football season, the band began preparing for a trip to Virginia Beach in May.

Mr. Walter Baran was the director of the band. Besides the usual duties of a director, he also wrote the show they performed, and became a pretty good salesman. Mr. Walter Baran was assisted during marching season by Ms. Sue Faber, Mr. Thomas Faber and Mrs. Cheryl Stafford.

Practice Pays Off

The Cadets and Twirlers traveled with the band to field and parade competitions in Pennsylvania, Ohio, and New York. They preceded the band in parades and added color to the field show. Along with performing at football games, they also added spirit to pep rallies and basketball games. Special thanks to Mrs. Stafford for her help with the Cadets and Twirlers.

Discipline Strengthens

Dedication and long hours of practice went into the colorguard this year, repeating the twelve minute show over and over until perfection was reached. Frustrations about timing errors and last minute drill changes were worked out and overcome. It all paid off though, for the colorguard had an excellent year.

Choruses Kept Busy

It was another busy year for the choruses, both Junior and Senior High. Taking over for Mrs. Weborg, Miss Schmid kept the choruses working. The Senior High Chorus went to the Festival of the Trees at the Erie Hilton and both the Junior and Senior High choruses performed at the Millcreek Mall.

The Vocal Ensemble made its debut this year. It was made up of students with exceptional voices. The students in the Vocal Ensemble did not necessarily have to be members of the chorus. This meant that students that could not fit chorus on their schedule could still perform for an audience.

NJROTC Drill Team Marches To Victory

NJROTC cadets who are interested in marching could join the NJROTC Drill Team. Under the leadership of advisor Sgt. Snidemiller and Drill Team Commander Chris Waide, the Drill Team marched in many events such as the Zoo Parade and the St. Patrick's Day Parade.

This was a successful year for the Drill Team. Last spring, the 1979 Drill Team captured an overall first place in the Area Four NJROTC Field Meet in Philadelphia. The Drill Team brought home ten trophies, including first place trophies in colorguard competition, basic squad and two person trick drill events; second place trophies in distance relay race, platoon trick drill, squad trick drill events; third place trophies in the 180 yard relay race, basic platoon drill and two person trick drill.

A special part of the NJROTC unit at Harbor Creek was the NJROTC Color Guard. They marched at the football games, and led the Drill Team in parades. The Color Guard received a first place trophy at the Area Four NJROTC Field Meet in Philadelphia.

We Did It All!!!

Most people had no idea how much work was involved in putting a yearbook together. The problem was, one didn't find out until one joined the Harborian staff. We remembered so many things that made it so enjoyable. Staying until long past seven o'clock trying to meet a deadline, re-doing a triplet layout three times because of the same mistake, waiting for our finished pictures, selling books at lunch in total chaos. Amidst all of that, the staff developed good friendships, experience, responsibilities, memories, and headaches. But, once done, everything, or almost everything, was worth it. Together we comprised a book, a Copper Box, filled with happenings, people, places and memories that are cherished. High school ends much too fast, for once one has left Harbor Creek's hallowed halls, many good acquaintances are all forgotten.

Clubs - Fun and Friends

Everyone always complains about how boring school can get. Is there a way to break the monotony? Yes! Join a club! Clubs met every other Wednesday. With the wide variety of activities offered, there was something to satisfy everyone's interests. Clubs ranged from chess to cadets and twirlers and from cards to gymnastics. If you had an extra-full schedule you could schedule a study-hall instead of a club. Club period not only encouraged students to pursue their interests, it also provided an atmosphere for making many new friends. All in all, club period was found to be very beneficial for everyone.

Board of Education Member 1969-1979

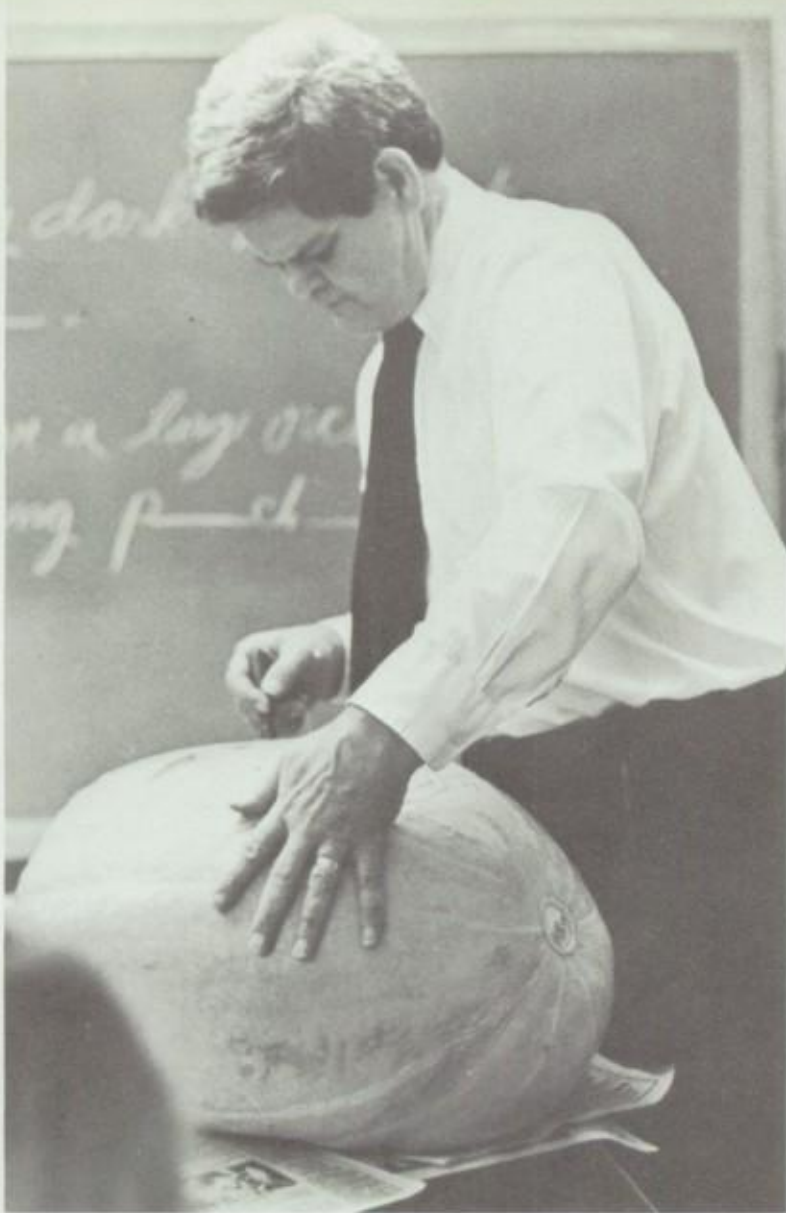

Harbor Creek School District

Harbor Creek, Pennsylvania

The most important business of any generation of people is to pass on to the next generation knowledge and wisdom enabling them to cope with the problems of the times in which they live, and to further strengthen proven values of civilization which give them birth and a heritage of worthiness. As a school board member we have unique opportunity to guide many generations of young people during our tenure.

Whereas John F. McDermott served faithfully and unselfishly the Harbor Creek School District, as a member of the Board of Education. For 10 years, and discharged his duties most seriously to maintain the highest educational program possible for Harbor Creek . . .

Whereas the Harbor Creek Board of Education records its appreciation for the loyal and dedicated service for posterity.

We Appreciate You!

Many thanks goes to our bus drivers at Harb. In all kinds of weather they always came through. They may have been early or late and the buses even broke down occasionally, but somehow always managed to get us to school in the morning and return us home safely.

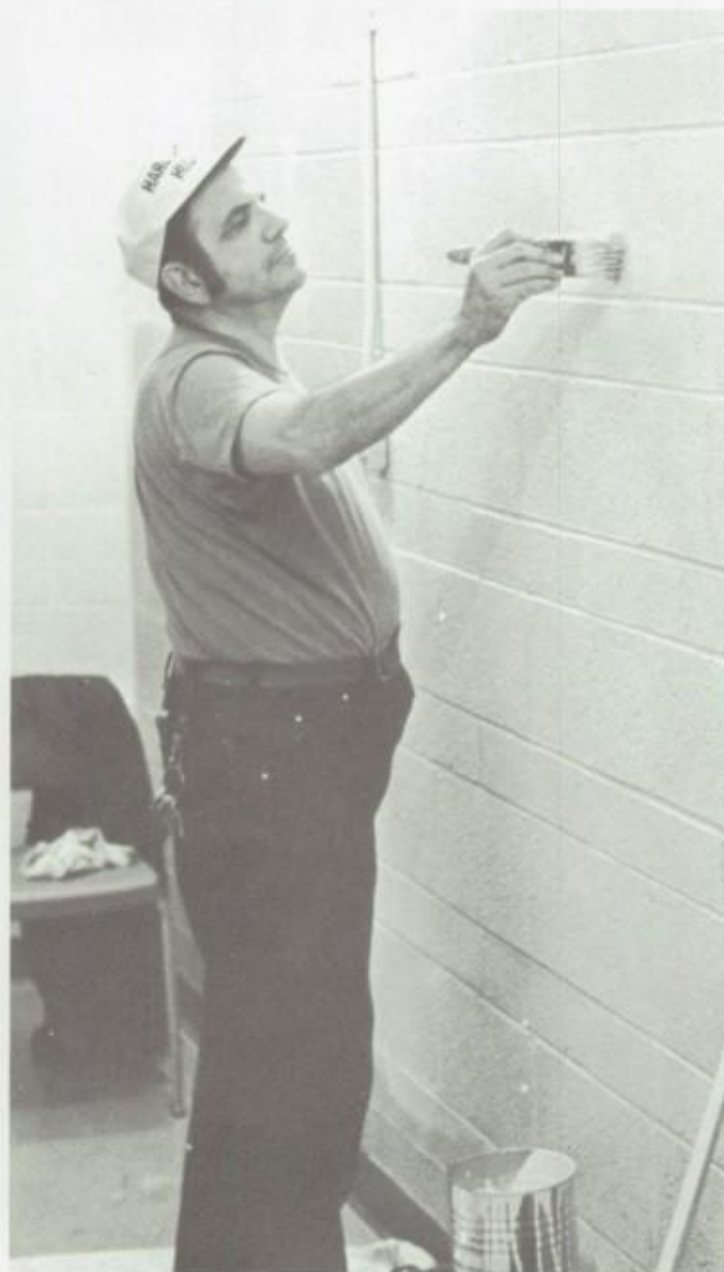

Starvation would have come over the students here at Harb if it wasn't for our cafeteria workers. Things started to look even better in the cafeteria this year with the elimination of most junk food and the addition of a salad bar. What will they surprise us with next?

Custodians are the ones who keep our school in top shape. You'll find their friendly faces throughout the school doing various kinds of jobs for staff and students. They do everything from waxing floors to fixing jammed lockers.

Our school just couldn't function without these people!

Expanding One's World

George Abbott
Robert Bowen

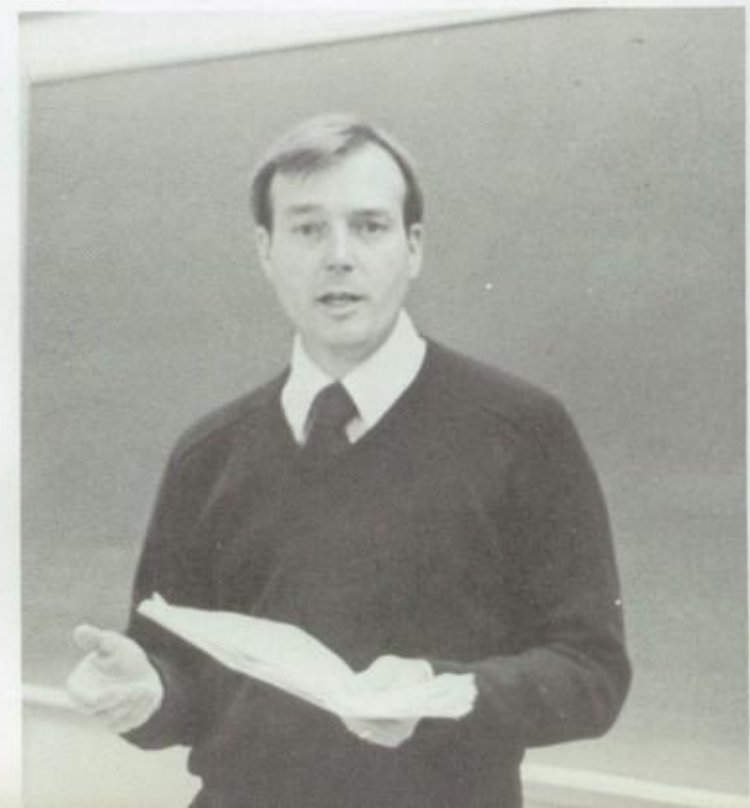

Expanding one's world through the study of government, culture, and countries was what our social studies program was all about. Learning about the early history of our country helped us to understand the evolution of our society. Therefore, a lot of time was spent on the discussion of world affairs as they happened. By evaluating our country's past mistakes, we more fully understood our country's place as a world power.

Here at Harbor Creek, our English Department had to be one of the most flexible departments in the entire school. Our staff offered a variety of courses that ranged from Shakespeare to Laurel and Hardy. Among the various courses one could choose from were: literature, drama, film, and poetry. Also, new teachers were added to our English staff. By the middle of the year the students finally fit the proper name to the proper face.

Culture Is Emphasized

The foreign languages that were offered during the 1979-80 school year were French I and II, and Spanish I, II, III, and IV. Mrs. Grace Moles taught Spanish, and Mr. Caesar Muzzi taught both French and Spanish.

Mr. Muzzi and Mrs. Moles concentrated on grammar, vocabulary, translation, and culture. The students in Mrs. Moles' Spanish II class did dialogues which they wrote in Spanish about the daily events of Jacinto and Luisa.

In French, with Mr. Muzzi, students did reports on France and its culture.

The most exciting class in foreign language department was Spanish IV. In Spanish IV, students traveled to various elementary schools to teach the basics of Spanish, such as counting. At Christmas-time, the students traveled to Clark School and put on a play, "Mork's First Christmas."

ABOVE RIGHT: Spanish IV students display their Christmas time at Clark Elementary School. FAR RIGHT: Mork (Sandy Daley) listens intently as an elf (Tammy Weber) tells about Christmas. Positive Attitude Toward Discipline

Randy Bukowski

LEFT: Mr. Randy Bukowski provides Laura Wanner with some help. BELOW LEFT: Alert photographers catch Mr. Bukowski off guard.

This year, detention and in-school suspension took on a new look. The most apparent change was the change in faculty. Mr. Randy Bukowski took the place of Mr. Ron Bolash. Actually, Mr. Bukowski was not totally new to the school, because he had substituted a few times during the last year. Mr. Bukowski brought with him much experience in dealing with Jr. and Sr. High School age students. He gained this experience through his affiliation with the Juvenile Justice System.

Mr. Bukowski is currently working on his Masters degree in Corrections and Counseling.

His goals for the disciplinary program are to increase the peer tutoring program, which is having much success on the Junior High School level, and to start a Crisis Intervention Team. A Crisis Intervention Team would hopefully be composed of at least one School Board Member, an Administrator, and several faculty members. Once the student's need for help is recognized, the Crisis Intervention Team would either supply the help required by the student or refer him/her to someone who could help. This team would be involved in the before mentioned three steps: 1) recognizing the student's need for help; 2) helping finding a solution; and 3) the actual treatment.

Learning In Class And On The Road

Part of the graduation requirements is Drivers Education, Classwork. Most students take this course in their sophomore year. This year's sophomores, just like past students, learned the rules of the road. These included safety rules and rules of common courtesy.

After students turned sixteen and received their permit, they were allowed to sign up for roadwork. In this class, they were permitted to drive the driver education cars. During this class, students were required to do several things. These things included taking in everything around them that concerned driving, such as signs and other cars, handling the unexpected, like sudden skids on icy roads and passing a written exam.

The teachers of these courses were Mr. Howard Shedd and Mr. Rodney Haynes.

Science - More Important Than Ever

As the world we live in becomes more and more modernized, we begin to see more clearly the importance of science. Each day, new discoveries are being made which will affect our lifestyle. With the 1980's beginning, a knowledge of science is becoming more necessary as our country seeks to find the solution to her energy problems.

The science program at Harbor Creek was an excellent one because it offered courses basic to every field of science. Among the courses offered were Biology, Chemistry I and II, Physics, and Nuclear Science.

LEFT: Joanne Weber works diligently to finish her study guide problems.

ABOVE: Algebra isn't all hard work.

RIGHT: Consumer math is a requirement in your senior year, if you have not taken a math course in your sophomore or junior year.

Math - Important In Everyday Life

One of the more important subjects at Harbor Creek was Math. It was important because, as a subject, Math applies to just about every job from cashier to computer scientist. Although not required as a mandatory course in the sophomore and junior year, many found it profitable to continue their mathematical education. The choice of math courses in the Junior High was limited to General Math unless you were an eighth grader and were qualified to take Algebra I. In the Senior High, the selection was much better. One could select from Algebra I, Algebra II, Special Algebra, Geometry, Trigonometry, Calculus, or Consumer Math.

Business Students

Prepare For Careers

In business classes, the students learned the fundamentals of office work, and general business concepts. Among the courses offered were: typing, shorthand, general business, accounting, and office practice. Mrs. Miller, Miss Marcotuli, Miss Nowak, and Mrs. Swenson all taught these classes. One started out by taking the basic courses then went on into the advanced classes, if still interested. In the advanced classes, you worked more with machines such as the dictaphone, calculator, or shorthand headphones. Miss Nowak taught Accounting I, II, and Office Practice. Mrs. Miller taught Shorthand II, Transcription, Typing I, and General Business. Mrs. Swenson taught Typing I and Shorthand I. Miss Marcotuli took the place of Mrs. Bowen this year, and taught Business English, Typing II, and Personal Typing.

After passing through the business curriculum, students were ready to take on any secretarial work or broaden their experiences by going on to business school or college. Our staff at Harbor Creek has one of the best business curriculums offered in the county.

Physical Education

Physical education plays an important role in the development of a healthy student. Various activities such as swimming, track, softball, tennis, and soccer provide a fun and relaxing way to improve one's health and physical fitness. Physical fitness tests given in the fall and spring, show the student how physically fit he or she is compared to others in the same age group.

Another aspect of the physical education program is health class. Three days a week, juniors study alcohol abuse, drug addiction, mental health and various other subjects.

Developing One's Talents

The fine arts and crafts program at Harbor Creek developed one's talent. It taught students how to use their imaginations, along with their hands to create many different forms of art. Most of the work was individual, but when trouble aroused, students turned to the help and aid of experienced teachers. The projects undertaken by students ranged from painting to macrame; and pottery to leather craft. The classes were fun and didn't seem like work at all. Students were rewarded by their grades, art displays, and a sense of self-satisfaction.

Practical Arts is a field that includes Home Economics, Industrial Arts, Drafting, and Woodshop.

Home Economics is a course designed to teach students to become good consumers and learn the necessary skills of running a home. One very special part of this program was the nursery school classes held by Home Economics students.

Industrial Arts, Wood Shop, and Drafting were classes for students interested in pursuing a career in which mechanical knowledge was needed.

At some point in everyone's life, these skills will be needed, so the experience gained in these classes is very important.

Donkeys And B-Ball??

This year, Harbor Creek brought back the tradition of the Donkey Basketball Game. The Hi-Y club sponsored this outrageous event which was called the "greatest show on earth" by the posters advertising it. The Donkey Basketball Game lived up to its name. At this spectacle, one who attended saw donkeys patiently bearing their "stubborn" riders who just didn't want to go the same way the donkeys did. One might also see teachers being dragged down the basketball court with one leg on a donkey, and the other on the gym floor. Besides letting donkeys carry them, the teachers would also have to drag the donkeys. Of

course, the most obvious thing one would see would be the student body cheering wildly when one of the teachers was bucked. The brave teachers who participated in the Donkey Basketball Game were Mrs. Blose, Mr. Foust, Mr. Humphreys, Mr. Snyder, and Mrs. Stafford for the High School, while Mr. Claypoole, Mr. Moneta, Miss Miller, Mr. Blose, Miss Swenson, and Miss Aiken who represented the Elementary Schools. The final score was 24-28 in favor of Elementary Schools.

Developing Helpful Skills

A fairly new class, now in its second year at Harbor Creek, was Early Childhood, taught by Miss Seifert. This class was offered only to seniors and gave these students a chance to study the feelings and emotions of children. They were able to put themselves in roles of children and decide how these children would react in various environments. In order to practice what they had learned in class, students went to Clark, Klein, or Rolling Ridge Elementary Schools once a week to help in the kindergarten classes. A major requirement of Early Childhood students was to keep a journal of progress made and feelings towards what they had learned. Aiding these seniors to develop skills in working with children either for a job or motherhood, Early Childhood proved to be a worthwhile experience.

TOP: Shelly Billig ducks under the "London Bridge" made by the small arms of students from Rolling Ridge Elementary School. LEFT: Robert concentrates on his work of art. It was a very busy year for the Music Department.

Once again, all Jr. High students were required to take music class. Besides learning music theory, they also studied composers ranging from Chopin to Paul McCartney. The class also included the study of different kinds of music like jazz, ragtime and even disco.

In the Sr. High, the Senior High Band and Sr. High Chorus were very busy. Besides sponsoring the Variety Show, the Band also had a Stanley sale, many sub sales and a citrus fruit sale to raise money for their trip to Virginia Beach. They also participated in many competitions and won many trophies.

The Sr. High Chorus sold candles to raise money for their field trip this spring and also participated in many events such as the Festival of the Trees. They were even heard on WRIE radio singing Christmas Songs at the Mall.

NJROTC

Sets High Standards

Headed by Lieutenant Commander Vargo and First Sergeant Snidemiller was the Naval Junior Reserve Officers Training Corp (NJROTC). In this course students better understood how the Navy was run. Students were drilled in marching formations, inspected regularly, and taught various subjects such as military history, navigation, and naval science. The basic goal of the NJROTC program was to promote the goals of good citizenship such as leadership, teamwork, and high standards of personal conduct and appearance.

NJROTC also extended beyond graduation. Scholarships to colleges were offered by the ROTC program. It was not necessary to be an ROTC cadet to get one of these scholarships, but it may have been helpful.

But NJROTC was not all "spit and shine." NJROTC could be fun also. There were field trips to various places, including Norfolk, Virginia.

Various technical skills are taught at the Erie County Technical School. Students can choose from welding, auto repair, commercial foods, electronics, and many other vocational skills. Seniors are eligible to go out on Co-op. Their grades and attitude must be good both at their home school and at Tech to be accepted. While on Co-op the student receives on-the-job training and a paycheck.

The school teaches students job competency and all other important skills needed in that certain field. Students are also taught to find, keep, and obtain satisfaction from a job.

To test their skills, VICA held a competition between ten districts. Many Harbor Creek students competed. Senior, Beth Newlin captured first place in Commercial Arts. She will travel to the state competition in hopes to receive a full four year scholarship to the college she'll attend.

The people that do some of the most important work at our school often go unnoticed. Among them are the guidance counselors, the nurse, the librarians, and the secretaries. Without the secretaries to do the necessary paperwork, the school could not run efficiently and smoothly. All of us sign books out of the library, find it necessary to have our schedule changed, or need to go home early because of sickness. Without these persons, we could not do any of these things. Because they do so much for us and make our school a better place, we would like to give them the thanks they deserve so often.

Spirit Revived

Nationally, the spirit of America was revived when the hostages were taken in the American Embassy in Iran. There were approximately 50 hostages taken and so far they have been held for over 100 days. This affected the Crawford and Erie County areas greatly because one of the hostages, Kathy Gross, was from Cambridge Springs, PA. Luckily, she was released in time for Thanksgiving. Many of the hostages are still being held and will continue being held indefinitely, as of February 19, 1980.

The American Spirit was not the only spirit aroused this year. Harbor Creek's school spirit was increased as all the winter sports did extremely well. The Boy's Basketball team was the ECL champs and the wrestlers and the Boy's Swim team finished their seasons high in the county rankings. The Girl's Volleyball team showed a great improvement in skill and the Girl's Swim team broke many school records.

ABOVE: The varsity cheerleaders show their spirit by cheering Mark Corey on in the Seneca Christmas Tournament.

The Unusual And Not So Unusual

The 1979-80 school year was a normal year in one sense; however, it did have its unusual moments. These moments started at the beginning of the school year with the threat of a teachers' strike. For weeks, students listened to the news on the radio and television to see if school would be in session the next day. Finally, the teachers and school board reached an agreement and averted the strike.

Then the rains came. With the rain, came the flooding at Harbor Creek High School. Students were sent home at 11:00, but most students didn't go straight home. Instead, they went out to eat and, in general, had a good time during these few extra hours.

As suddenly as the rains came, one day the buses didn't. Students waited for quite a while before trying to find other rides to school. "Chaos" is the only word to describe what it was like at the school that afternoon. There were cars and students everywhere, for the buses still weren't running. But the next day, everything returned to normal.

These are but a few of the unusual moments and the pictures reflect some of the not so unusual events during the past year. Unfortunately, we, the yearbook staff, cannot cover every part of the year. Still, we feel we have managed to preserve as many memories as possible in the 208 pages of our "Box Full of Memories."

I glad I got to know.
Good luck in every thing
you do.
